Lagoon 42 - Sunrise The Lagoon 42 Sunrise is the perfect catamaran for those who want to enjoy the sea without giving up privacy and comfort! It is available based in Capo d'Orlando for cruises to the Aeolian Islands, Egadi Islands and Malta. The Lagoon 42 Sunrise, with its dynamic and sporty character, stands out for a design that is truly attention to details. It boasts an excellent organization of the space which is very large and welcoming. The interior is comfortable and has very large windows. The technical features, such as the back mast and the self-tacking jib or the very spacious driver's seat, are great advantages that guarantee excellent performance. Stunning itineraries in the Aeolian Islands or in the Egadi Islands LOTS OF EMOTIONS IN ONE TRAVEL An experience of sea, land and food. Situated between the Sicilian and Calabrian coasts, the Aeolian Islands owe their beauty to the irregular coasts and the numerous coves, typical of the territories of volcanic origin. The tour of the volcanoes proposed by us includes a week by catamaran, to discover the volcanic beaches, picturesque villages and primordial landscapes designed by fire, water and wind. Unique and singular places, where different atmospheres blend in a millenary culture that speaks of sea, sun and wind. Combined with the tour of the volcanoes there is also the discovery of a typical Aeolian cuisine: an unforgettable gastronomic tour that will have as its protagonists the most typical dishes, to be tasted not only in the best restaurants of the islands, but also and above all on board our catamarans. It is here that a refined cuisine awaits you, which respects the traditional culture of the places and the recipes of our ancestors. THE UNTOUCHED ISLANDS TOUR The archipelago of the Egadi Islands, located in the channel of Sicily, a few miles from the western coast of Sicily, includes three main islands – Favignana, Levanzo, Marettimo – and the islets of Formica and Maraone, just over two rocks. Living these islands aboard our boats can give you an adventure full of emotions: just try to imagine an early morning swim in the roadstead or with the incredible shades of a breathtaking sunset, on a warm May day, in a cool August water, or simply in the gentle warmth of September. In short, all you have to do is choose your favourite scenario but in any case it will be pure emotion.
